

The Massachusetts Society for Bioenergetic Analysis presents:
Dr. Robert Glazer, Ph.D., CBT,
Director of Florida Society for Bioenergetic Analysis

“The Vibrant Body”
An Advanced Bioenergetic Workshop

Saturday, September 15, 10 – 6, & Sunday, September 16, 10 – 1:30
Center for Body-Oriented Psychotherapy, 269 Washington St., Somerville, MA
(For directions please go to www.massbioenergetics.org, under Workshops.)

Bob will share his gift for combining strong bioenergetic body work with his knowledge of acupressure trigger points to help people free themselves from chronic muscular tensions. His warm, open-hearted style blends uniquely with his strength. The workshop will be both experiential and didactic as he demonstrates bioenergetic principles for working energy and psychology. There will be time for participants to receive case consultations as well as individual work. The workshop is appropriate for bioenergetic therapists, trainees, potential trainees, and ongoing clients.
